MAXIMIZE RESULTS

- Assessments based on epidemiologic evidence. We believe ergonomics is less about furniture and specialty ergonomic equipment (although important in some cases) and more about posture and helping people understand ergonomics
- Free Webinar. *Common Sense Ergonomics While Working Virtually or from a Traditional Office*
- Ergonomic coaching via ERGOhealthy Coach

CERTIFIED ERGO PROS

- Certified Office Ergonomic Analysts. In addition to hands-on experience and formal instruction, ERGOhealthy Coaches go through rigorous training as remote evaluators
- ERGOhealthy Coaches create a customized ergonomic approach that promotes safe computing and prevents ergonomic injury
